

Amendment #2

Amendment to the Rules for the Committee on Natural Resources (116th Congress)

Offered by Mr. Graves of Louisiana

Committee Rule 5 is amended by adding the following to the end—

(f) Contents.—Committee reports must include—

(1) the net effect of the legislation on the economy of the immediate geographic area affected by the legislation, including creation or retention of jobs, net on revenue changes; and

(2) a quantification of –

(A) the amount of greenhouse gas emissions directly reduced by the legislation;

(B) the effect on sea level rise directly resulting from the legislation;

(C) the acres of wildlife habitat preserved in its current state as a result of the legislation;

(D) the reduction in global temperature directly resulting from the legislation;

(E) potential cost savings from pre-disaster mitigation.
