

HOUSE REPUBLICANS' EXTREME DEMANDS

IN THE FY24 INTERIOR, ENVIRONMENT AND RELATED AGENCIES APPROPRIATIONS BILL

House Republicans Want to Sell Out Our Public Lands & Imperil Our Endangered Species

The FY24 Interior appropriations bill will:

- Prohibit clean energy development in certain areas
- Require unnecessary oil and gas lease sales
- Reinstate harmful hardrock mining leases and reverse mining bans in special places
- Remove crucial Endangered Species Act protections from the Gray Wolf, Northern Long-eared bat, & Lesser Prairie Chicken and defund ecosystem restoration programs across the country

House Republicans are Bullying Underserved Communities & Environmental Justice Efforts

The FY24 Interior appropriations bill will:

- Zero out ALL funding for Environmental Justice activities and the Environmental Justice for All Executive Order
- Cut \$1.4 billion intended to address environmental health impacts in underserved communities
- Prohibit funds for the National Museum of the American Latino, wiping out the contributions Hispanic & Latino communities have made to our nation—during National Hispanic Heritage Month
- Prohibit funds for advancing diversity, equity, inclusion, & accessibility

House Republicans are Impeding Our Climate Readiness & Progress of the Inflation Reduction Act

The FY24 Interior appropriations bill will:

- Slash EPA funding by nearly 40% and eliminate funding for key programs that support clean energy development, reduce greenhouse gas emissions, and help communities adapt to the impacts of climate change
- Stall permitting for clean energy development by rescinding IRA funding for the Council on Environmental Quality (CEQ)
- Prohibit funding for the Bureau of Land Management's Public Lands Rule, undermining wildlife conservation and threatening the long-term stewardship of our public lands
- Prohibit the federal government from analyzing the social cost of carbon, essential to understanding the impact of greenhouse gas emissions on communities

House Republicans are Thwarting Clean Air & Clean Water Efforts

The FY24 Interior appropriations bill will:

- Cut over \$1.7 billion in funding for more than 760 clean water, drinking water, wastewater, & storm water management projects across the country, endangering lives & halting vital infrastructure development in American communities
- Prohibit EPA from allowing states like California to establish their own emissions standards

House Republicans are Gutting Our National Parks and Public Lands

The FY24 Interior appropriations bill will:

- Slash National Park Service funding by nearly half a billion (-13%), proving that even America's most popular agency faces Republicans' reckless disregard
- Cut U.S. Fish and Wildlife Service funding by \$237 million (-13.6%)
- Decrease U.S. Forest Service funding by \$255 million (-8%)
- Cut Bureau of Land Management funding by \$255 million (-17.5%)
